COLLAPSE

Your couch has to decide: Missouri, Florida, or West Virginia?

T and I are old ladies. With a bottle of really good cab.

Hey, just cause we can't get married doesn't mean we can't act like it sometimes. *g*

Archie did not, of course, give you his "extra" percocet when my back was turned. And you didn't accept it. Because that would be another of those job-risking behaviors. Also, I would have to test Archie's pain threshold.

What did you do to yourself?

And did it require an ER visit?

If it were gymnastics, I'd say I got cocky after a perfect routine and blew the dismount. =8>P Came off a toehold unexpectedly, whacked my ankle bone against another one and sort of scraped some skin off my calf.  [trollcatz](#) made hopeful noises about an x-ray, but it's not that bad.

And she told me what to watch for in case something *did* crack, so hey! Educational!
